MONEY ACTIVITY 09

Save for the £3 ball

Trace one coin to the saving jar.

Point, look, touch, draw or use your communication tool.

MONEY QUEST | Golden Vault | Save for a goal

FOR A GROWN-UP

Saving means keeping money for later. Skill: Plan a small step towards a future goal. Use labelled pretend money; no real purchase.

MONEY ACTIVITY 09

Save for a goal

SHOW ME

Saving means keeping money for later.

YOUR TURN

Trace one coin to the saving jar.

Yes | No | Help | Pause

MONEY QUEST | Golden Vault | Save for a goal

FOR A GROWN-UP

Optional next step: Show the £3 goal, £1 already saved and two empty £1 spaces. Saving is linked to this goal, not generic counting.

MONEY ACTIVITY 09

Save for a goal

A pretend ball costs £3. Emma has saved £1.

How much more would reach the goal?

- ○ £1
- ○ £2
- ○ £3

Show your reasoning

MONEY QUEST | Golden Vault | Save for a goal

FOR A GROWN-UP

Plan a small step towards a future goal. Saving means keeping money for later.

One saving goal, three ways to explore

Page 1: Preschool

Emma is saving for a pretend £3 ball. Help the learner follow the labelled £1 coin towards the goal jar. Pointing, looking, tracing or moving a large paper picture are valid responses. No real money is needed.

Page 2: Supported / SEND

Model keeping money for later, then offer one action. The learner can use Yes, No, Help, Pause or their usual communication tool. Choose the money concept and support separately. This edition has no fixed age assumption.

Page 3: Older children

The ball costs £3 and £1 is saved. £2 more reaches the goal. Ask the learner to show £1 + £2 = £3 with paper pictures, explain the calculation or direct an adult. Some weeks nothing is saved and a goal can change.

What is in the full activity pack?

Each of the three editions has 20 activities in colour and reduced-distraction PDFs, with a seven-page grown-up guide. The full pack adds money picture cards, cut-and-stick pages, a lesson map and 40 individual older-child activity PDFs.

Printing and access

English digital PDFs. A4, single-sided, 100% actual size. Keep the 25 mm left binding area clear. An adult handles cutting, punching and binding. The separate calibration sheet has a 50 mm test line. Try the sample with the learner before choosing a full resource.
